A close-up photograph of a person's hand holding a pair of dark green binoculars. The person is wearing a brown, ribbed turtleneck sweater. The background is a soft, out-of-focus landscape, likely a field or a hillside, with a pale, hazy sky. The overall mood is serene and focused on nature.

FRONTIER LRF SYSTEM H7

High resolution binoculars with built in OLED display Laser Range Finder. Fully multi-coated and high light transmission optics create sharp images with true colour reproduction.

The 6 levels of OLED illumination brightness display the multiple modes available: Distance/ Scan, Horizontal Distance, Angle, Rain, Hunt and Near modes.

OLED display / Accuracy ± 1 metre / Auto shut off / Water repellent lens coatings / Replaceable twist-up eye cups

Frontier LRF binoculars are supplied with a binocular harness pack.

Waterproof to IPX7 / Fog proof

Hawke Lifetime Warranty applies to binocular optics and mechanics only. Electronic parts are covered by our Hawke Two Year Warranty.

FRONTIER LRF

FRONTIER SYSTEM H7

All Frontier models feature Hawke's H7 optics, offering stunning high definition viewing with incredible colour control and phase correction. High performance lens coatings and Dielectric Coated prisms ensure the highest level of light transmission.

The Frontier APO offers extreme clarity, flat field vision along with excellent chromatic aberration control for a stunning wide angle image.

APO & ED X models benefit from Extra-low Dispersion glass for controlled chromatic aberration and the elimination of colour fringing.

Extra-low Dispersion glass (APO & ED X only) / Dielectric Coatings / High resolution phase corrected BAK-4 roof prisms / Water repellent lens coatings / Magnesium alloy chassis / Focus from 2m / Replaceable twist-up eye cups with position stops / Stay-on lens covers / 1/4 inch tripod adapter thread

Nitrogen purged / Waterproof / Fog proof

Hawke No-Fault Lifetime Warranty

ENDURANCE SYSTEM H5

Stunning optics providing crisp, clear and bright images with enhanced light transmission.

Endurance models benefit from our System H5 optics. ED glass is utilised to reduce colour fringing. The Fully Multi-Coated lenses provide high resolution images which ensure no details are lost when viewing at distances down to 2m.

Effortless focusing and impressive depth of field makes these binoculars quick and easy to use. Water and fog proof with a high grip rubber coated body, Endurance is designed to battle the elements.

Extra-low Dispersion glass (ED models) / High resolution phase corrected BAK-4 roof prisms / Focus from 2m / Twist-up eye cups with position stops / Stay-on lens covers / ¼ inch tripod adapter thread (excl. 25mm models)

Nitrogen purged / Waterproof / Fog proof

ENDURANCE SYSTEM H5

For over a decade, Endurance ED optics have been renowned for incredible performance and reliability. Now, with the introduction of the Marine range, we have grown upon this award winning selection with optics that are specifically designed for marine and boating applications.

Advanced BAK-4 roof prism optical systems make far more compact, modern and lightweight optics than the industry norm. Hawke's System H5 optics provide crisp, clear and bright images with enhanced light transmission.

Selected models feature an integrated compass allowing you to pinpoint your bearing and that of any land or object.

Extra-low Dispersion glass / High resolution phase corrected BAK-4 roof prisms / Focus from 2m / Twist-up eye cups with position stops / Stay-on lens covers / Hi-vis floating neck strap / 1/4 inch tripod adapter thread

Nitrogen purged / Waterproof / Fog proof

Hawke Lifetime Warranty applies to binocular optics and mechanics only. Compass parts are covered by our Hawke Two Year Warranty.

NATURE-TREK SYSTEM H2

An extensive range of binoculars in several configurations.

The Nature-Trek family utilises our System H2 optics produced in a shock resistant polycarbonate body, providing a robust yet lightweight package. The high grip rubber armour ensures a secure hold in all weather conditions.

Optics are crisp and clear with notable natural colour reproduction. The precise focusing wheel allows focussing down to 2m.

Nature-Trek offers a complete range of binoculars from the very portable 25mm models up to the oversized 50mm models, ideally suited to low light conditions where a large exit pupil diameter is required.

Fully multi-coated optics / High resolution phase corrected BAK-4 roof prisms / Focus from 2m / Twist-up eye cups with position stops / Stay-on lens covers / 1/4 inch tripod adapter thread (excl. 25mm models)

ENDURANCE SYSTEM H5

Endurance ED spotting scopes provide the performance to get close to the action and the durability you demand.

All magnifications are constructed with ED glass reducing the potential for chromatic aberration. ED glass controls colour fringing and allows an improvement in clarity and crispness of the image, highly recommended by nature enthusiasts.

All lenses are Fully Multi-Coated and prisms Dielectric Coated for increased reflectivity. Endurance scopes feature a dual focus knob (coarse and fine), 3x ratio eyepieces with twist-up eye cups and retractable sunshades.

Choose from a range of full size scopes with 85mm or 68mm objectives or the compact design with 60mm or 50mm objectives.

All scopes are supplied with lens covers and stay-on soft cases.

NATURE-TREK SYSTEM H2

The Nature-Trek spotting scope family offers exceptional optical performance in a lightweight and waterproof modern design. A Fully Multi-Coated optical system combined with BAK-4 Porro prisms produce extremely clear and sharp images.

The 65mm and 80mm optical systems have been optimised for maximum performance while keeping the scope body short in length making them ideal for hiking and travel. Featuring a rotating tripod band, retractable sunshade and stay-on cover for protection.

The ultra compact 56mm models feature barrel focussing and are available with a straight or angled eyepiece. A window mount is included with the straight eyepiece model. Both spotting scopes are supplied with a neoprene stay-on case.

HAWKE NO-FAULT LIFETIME WARRANTY

WE'VE GOT YOU COVERED...
FOR LIFE.

When you buy your new Hawke scope or binocular, you're buying peace of mind... for life. In the event your product becomes damaged or defective we'll repair it at no charge to you. It doesn't matter how it happened or whose fault it was - we've got you covered. The Hawke No-Fault Lifetime Warranty is only available directly through our UK service centre and not through your retailer.

To request service, please follow links to service procedure at www.hawkeoptics.com

The Hawke No-Fault Lifetime Warranty applies to spotting scopes, binoculars and monoculars only. Other accessories are covered by our two year warranty. The Hawke No-Fault Lifetime Warranty does not cover loss, theft, deliberate damage or cosmetic damage that does not hinder the performance of the product. Occasionally we may replace your product with an equivalent of equal or better physical condition. Applies to the original owner only. Hawke's No-Fault Lifetime Warranty applies only to products purchased after January, 1 2018. Items purchased prior to January 1, 2018 are covered under Hawke's original warranty, see your instruction booklet for details.

You can register your purchase at www.hawkeoptics.com
